## Attachment to the Advisory

The examiner acknowledges applicants amendment to the claims dated 2/17/2004, which changes term "comprising" to "consisting essentially of". The amendment has been entered, since it does not incorporate new issues and considerations. The amendment that is now made of record also does not overcome the 102 rejections of record.

In view of the above, all the rejections over the prior art of record are not overcome and are incorporated here by reference.

Although the applicant definitely get across the differences between the process of the present invention versus the process of the prior art and discuss the results obtained with use of new process, such unexpected results cannot overcome a 102 rejection. One of the suggestion the examiner has is to claim a process instead of a composition.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Katarzyna Wyrozebski Lee whose telephone number is (571) 272-1127. The examiner can normally be reached on Mon-Thurs 6:30 AM-4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vasu Jagannathan can be reached on (571) 272-1119. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
